DE MOLAYS WILL INITIATE OCT. 30

IS REGULAR FALL INITIATION OF ORDER

PATROL TEAM TO ALBANY

Maryville Chapter Is Planning to Install Orders at Tarkio, Stanberry Rock Port and Bedford

The Maryville Chapter, Order of De Molay will hold initiation for twelve or more candidates Monday night at the Odd Fellows hall. Both degrees of De Molay will be conferred on the candidates.

This initiation is the regular fall initiation for a class of candidates. Last year the affair was a great success. This year additional work has been put on the degrees by the members of the degree teams.

The degree work will be conferred by the permanant degree team which has been appointed by M. A. Peery, head of the advisory council for the local De Molays. This degree team was picked so that it would be possible for the parts in both degrees to be taken by boys who are well qualified.

The initiation Monday night will be the first of a series which will be given by the Maryville chapter. Two days later, on Wednesday the Maryville boys will go to Albany to organize a chapter and confer the degrees on a class of twenty-five. This will be the first chapter that the Maryville chapter has organized. At a later date chapters will be organized at Tarkio, Stanberry, Rock Port, Bedford and other towns in this district.

The DeMolay drill patrol will go to Albany with the degree teams and will give an exhibition drill before the degree work. The Albany boys will banquet the Maryville delegation at 6 o'clock Wednesday evening.

The patrol will leave for Albany at 2:30 o'clock Wednesday afternoon in automobiles.

The members of the permanent degree teams are: Initiatory degree—Wilson McMurry, Master Councilor; Marion Gile, senior councilor; Morris Chick, Junior Councilor; William Geist, senior deacon; Paul Maxwell, Junior Deacon; Donald Davenport, senior steward; Ralph Wilson Eversole, Junior deacon; Simeon Wright, marshall; Townsend Godsey, chaplain; Harold O'Banion, standard bearer; Raymond Barry, sentinel and Orcn Masters, John Allen DeMott, Vodre Willoughby, Harold Houchens, Morton Evans, Jack Jones and Jarvis Bush, preceptors.

De Molay degree—Perry Eads, master inquisitor; Gordon Roach, senior inquisitor; Harold Houchens, junior inquisitor; William Mapel, De Molay impersonator; Marion Gile, conductor of accused; Ralph Eversole and Donald Davenport, guards.

The class of candidates includes, John Curfman, Conrad Blackman, Ralph Moore, Forrest Smith, Louis Werth, Harold Miller, Edward Tindall, Fred Street, William Oakerson, Robert Yaple, Raymond Oakerson and Charles Williamson.

DR. KELLER MAY SPEAK AT KANSAS CITY ON ACCIDENTS

President of National Safety Council Asks Local Man to Talk to K. C. Teachers.

Dr. Fred Keller of the College has been asked by Dr. George Payne of New York, president of the National Safety Council, to deliver a series of lectures in Kansas City. Kansas City has a director of Safety Education and Dr. Keller has been asked to speak to the teachers there upon the prevention of accidents. Dr. Keller does not know as yet whether he will be able to go or not and the dates for the lectures are held pending his decision.

Some high schools are beginning early to "book" Dr. Keller for commencement addresses and he has already made arrangements to speak next May at Pattonsburg, Parnell and Burlington Junction.

Mrs. Lawler to California

Mrs. Blanche Lawler left this afternoon for Morovia, Cal., where she will make her home with her father, Henry Bridger. She was accompanied by her father, who has been spending the last two months in Hopkins with his daughter, Mrs. Elam Mendenhall. Mrs. Lawler has been connected with the Yehle Dry Goods store for several years and resigned her position there a few weeks ago.

ANOTHER MONTH YET FOR COMPLETION OF DORMITORY

Work Is Being Hastened as Much as Possible—Basement and First Floor Completed

Work on the new State Teachers College dormitory is being hastened as much as possible. The lack of plasterers has retarded the work somewhat, but the basement and first floor are completed and the laborers are now working on the second floor.

All the windows are in and necessary lighting wires and heating equipment was completed before the plastering was started. The floors are not yet laid as they cannot be put down until the plastering is finished. It will take at least a month to complete the finishing of the wood work and walls and to put in the lighting and bath fixtures.—Green and White Courier.

VIOLATES CORRUPT PRACTICE ACT

CIRCULAR DISTRIBUTED WITHOUT NAMES IMPRINTED ON IT

PUT OUT BY REPUBLICANS

William G. Sawyers Says He Is Glad For the Public to Have His Record—Is for Law Enforcement

"The circular put out in the interest of my opponent is clearly in violation of the corrupt practice act of the state of Missouri," William Sawyers, democratic candidate for prosecuting attorney, stated today.

"However, so far as I am personally concerned there is nothing in it but what I am glad for the public to have. I do object to the inference left at the bottom of the circular that by reason of the fact that I am defending eight criminal cases covering a violation of the prohibition law that, therefore, I am a wet candidate. I am heartily in favor of the enforcement of the dry laws of this country, was for prohibition before the adoption of the eighteenth amendment and I enforced the dry laws during my former tenure of office."

It is said these circulars are being distributed all over the county. According to the law it is necessary to have the name or names of the people causing the circular to be printed imprinted at the bottom of the circular.

Section 5048, R. S. 1919 reads as follows:

Printed matter—must have names printed—when—how—It shallhere-after be unlawful for any person or group of persons, or any firm, organization, association, league or other body or any members thereof to publish, circulate or distribute any pamphlet, circular, handbill or other printed matter relative to the candidacy of any person or persons seeking nomination or election to any public office unless the same shall bear thereon in plain type the name and address of the person or persons, or the names and addresses of the officers of any firm, organization, association, league or other body, causing such matter to be published and distributed, and in the event that two or more persons join in causing said matter to be published and distributed, then the names of each such person shall be imprinted thereon in plain type: Provided, that if more than ten persons join in publishing and distributing such matter, then it will be a sufficient compliance with this section if the names of ten such persons shall be imprinted thereon in plain type as herein provided.

The penalty for violation of this act is a fine of not less than $100 or more than $500, or confined in the county jail not longer than six months nor less than thirty days.

SUPREME COURT DISMISSE FARRIS CASE

Mandate from Court States it Was Dismissed for Want of Prosecution

A mandate from the supreme court was received yesterday by Circuit Clerk Henry Westfall dismissing the case of David Farris against the City of Maryville and James Ray for damages for want of prosecution. This case tried in circuit court here several terms ago resulted in a verdict for the defendants. The plaintiff took an appeal to the supreme court from the verdict.

J. R. Lowry returned yesterday from a business trip to Kansas City.

500 CLUB WOMEN AT OPEN SESSION

A NUMBER OF CLUBS OVER THE COUNTY REPRESENTED.

HELD AT THE COLLEGE

Was Given by the Music and Literature Department of the Twentieth Century Club.

Between 400 and 500 club women attended the open session of the Music and Literature Department of the Twentieth Century Club yesterday afternoon in the State Teachers College auditorium.

The guests were received in the lobby on the second floor by Mrs. Dan R. Baker, club president; Mrs. C. F. Remus, first vice-president; Mrs. M. A. Peery and Mrs. Harry Todd, chairman and vice chairman of the Music and Literature Department; Mrs. E. C. Curfman, chairman of the Tourist Department, and Mrs. J. R. Lowry, chairman of the Arts and Crafts Department.

The meeting was called to order by Mrs. Peery, chairman, who welcomed the visiting club women in a brief speech. Greetings were also given by Mrs. E. C. Curfman and Mrs. J. R. Lowry, chairmen of the Tourist and and Crafts Departments. The latter department had an interesting display of their handiwork, including basketry and quilts, in the front of the auditorium.

Mrs. Baker, who with other members of the club, attended the annual meeting of the first district of the Missouri Federation of Women's Clubs in St. Joseph, spoke on "Federation," which was the keynote of that conference. She also referred to the endowment fund and urged the women to adopt a policy of laying aside a definite amount of money each year for this fund. She announced that there were forty-eight federated clubs in the first district at the present time.

Mrs. C. C. Hellmers read a letter from Mrs. T. J. Winter of Minneapolis, president of the General Federation, and Mrs. Pennybacker which is being sent out to every federated club in the country. Each district president was instructed to give to the clubs the following resolution: "Resolved, That American-born citizens—men and women—should feel their responsibility and exercise their privilege in determining the policies of our government by going to the polls November 7 and casting their vote for such candidates as will uphold the laws of our country." Club presidents were asked to remind their members of their obligation, and urge their attendance at the polls.

Miss Mary MacLeod spoke on the county unit bill, which has been referred to a vote of the people at the November election. She explained the bill as passed by the last general assembly and urged the club women to secure literature and study the bill so that they could vote for it intelligently. Mrs. E. G. Orear read the club motto, William Ellery Channing's symphony, and each member of the local club stood during the reading.

At the business session of the department arrangements for a picture show to help finance the work for the ensuing year were made. Specialties will be given in connection with the picture and Mrs. Arthur Brewer, Mrs. D. J. Thomas, Mrs. Harry Todd, Mrs. E. G. Orear, Mrs. I. E. Tulloch and Mrs. L. M. Eek were appointed members of the two committees which will select the picture and date.

The opening number of the program was a reading of the "Wooing of Hiawatha," by Miss Blanche Dow in Indian costume. Miss Geneva Wilfley played the musical accompaniment and this special feature was enthusiastically received. Mrs. O. L. Curl read a paper on the "Music of the American Indian," and an excerpt follows: "Music enveloped the Indian's individual and social life like an atmosphere. There was no important personal experience where it did not bear a part, nor any ceremonial where it was not essential to the expression of religious feeling."

Mrs. F. P. Robinson, accompanied by Mrs. Ralph Eversole, sang a group of Indian songs and was at her best in these character songs. Her selections included, "Indian Spring Bird" and "Indian Lullaby," by Thurlow Lieurance, and "Pale Moon Love Song," by Frederick Knight Logan. Mrs. Edwin F. Caldwell of Burlington Junction gave an instrumental solo,

APPLAUSE BREAKS OUT IN GOWDY CASE

AT THE ANSWER OF MISS PAULINE BERG TO HAL HUNT

COURT CENSURES ACT

There Were Much Handclapping and Cheers—Threatens to Clear the Court Room

During the cross examination this afternoon of Miss Pauline Berg of Tarkio, a witness for the defense, in the case of the state against William Gowdy on a charge of rape, an outburst of applause broke out when the young woman replied to a question put by Hal Hunt, one of the attorneys for the state. There was considerable hand clapping and some few cheers.

Judge Dawson at once rapped for order. He censured severely the applause and said if it was done again the sheriff would be ordered to clear the court room and the people responsible for the applause would be brought before him and heavily fined. He reminded the people that it was not any show.

It was while Mr. Hunt was questioning Miss Berg about whom were paying her expenses to Maryville for this case. The defense made an admission that Mr. Gowdy, the father of the defendant, was paying her expenses here. Mr. Hunt then asked the witness why she did not tell him her expenses were paid by Mr. Gowdy. Her reply was:

"Because my expenses have not ben paid."

It is expected the defendant in the case will take the witness stand late this afternoon or the first thing in the morning. It is now thought the case will not reach the jury before late Friday night or Saturday morning.

Miss Mildred Beck, the prosecuting witness, was on the stand practically the entire day yesterday and was on the stand a few minutes after the convening of court this morning. The state rested its case after Miss Beck had finished.

WRITE-UP ABOUT ROCK PORT VISION

"OFF THE RAILROAD" TOWN CONQUERS IN SPITE OF IT.

MANY IMPROVEMENTS

Many Miles of Paved Streets, a Band, a White Way and a Memorial During Past Six Years.

The following article taken from last evening's Kansas City Star and written by Mary Blake Woodson, Missouri Notes Editor of the Kansas City Times, tells about the improvements made at Rock Port during the last six years:

Usually when a country town is "off the railroad" it stays a country town in the dullest sense of the word. Its citizens are apathetic enough to accept the accustomed belief that no town "off the railroad" ever amounts to anything.

And that was somewhat the attitude at Rock Port, Mo., tucked away in the hills of Atchison County, until about six years ago, when things began to happen—things that at first amazed and even angered the citizens. But soon these things roused in them such a feeling of civic pride as to make achievement possible.

Six years ago Rock Port was the average town "off the railroad." It had mud streets, no sewers, no sanitation. Its locally owned and sometimes operated light plant gave only 3-hour service each night, winked warningly at 11 o'clock, and in fifteen minutes left citizens to the tender mercies of a moon or lamp. Its alleged water works was a poor excuse at best, expensive to operate, poorly situated and inadequate. It brought the town the magnificent sum of $30 a month. Everything else was on a par.

But Things Came to Pass.

Then three things came to pass—war, which brought fat pocketbooks to a rich agricultural section; a local election which put into office Dr. W. R. Strickland, a young and progressive mayor, and his progressive council, and the taking over of the responsibilities of the Atchison County Mail, an already successful newspaper, from a father by a son. John C. Stapel was newly returned from the school of journalism at the University of Missouri and was full of the ideals of journalism and newspaper service to a community. Besides being editor, he was city clerk.

When this combination got together things began to happen so rapidly that they were mostly all finished before the town got through gasping. There seemed no reason why Rock Port should be lightless and waterless, insanitary and stuck in the mud just because the railroad was seven miles away. There seemed no reason why citizens should not combine ideal city and country life if they could only be brought to see it.

The combination started planning and boosting.

In three years Rock Port voted ½ million dollars in bonds for civic improvements—Rock Port "off the railroad" and with only 1,136 population.

The electric light plant was abandoned and "juice" bought from a nearby city, giving an all-day and night service at less cost and proving more satisfactory than the old way. The meager old well on the old water works site was abandoned and a new well dug on the top of a hill—against the earnest advice, of course, of town wiseacres. Good water was found a-plenty at eighty-four feet, and ever since 6-inch pumps in 8-inch wells have kept the reservoir full. The location on the hill has automatically given the town 90-pound water pressure, which amply serves the citizens and protects them, too, for there now is not a building that cannot be reached from a public hydrant in case of fire.

New System Pays Two Salaries.

Incidentally, this water works system, instead of bringing Rock Port $30 a month as formerly, now pays the salary of the street commissioner and water superintendent, all current expenses of the town and even a little on its own indebtedness.

Then came the inevitable paying fight, and a real fight it was, too, because it involved the really tremendous undertaking of paving every street in town with re-enforced concrete. The first paving resolution was passed in 1917 and proved a bombshell. The fight went all the way to the court of appeals. But in 1920 the paving was

INVESTIGATION BEGINS IN HALL-MILLS MURDER CASE

Widow of Murdered Man, Daughter of Murdered Woman and Eye-witnesses to Appear

New Brunswick, N. J., Oct. 26—Investigation in the murder of the Rev. Edward Wheeler Hall, rector of the fashionable St. Johns Church and his pretty choir leader, Mrs. Eleanor Mills, were in its final stages today.

The principal witnesses have been summoned to tell their story to deputy Wilber A. Mott, who is in supreme command of the case. It was intimated that there was sufficient evidence to take action in the case without awaiting the grand jury. Among the witnesses summoned today are: Mrs. Hall, widow of the murdered man, Charlotte Mills, daughter of the murdered woman and Mrs. Jane Gibson, who is said to be an eyewitness to the slaying.

FATHER AND SON BANQUET NOV. 9

WILL BE HELD AT THE CHRISTIAN CHURCH.

PLANS NOW UNDERWAY

Representatives From City Sunday Schools Form Committees on Various Arrangements.

The fifth annual Father and Son Banquet will be held this year on Thursday, November 9th at the First Christian church. Plans are now under way for this event and the various committees are at work. The banquet will be served by the Ladies' Aid Society of the First Christian Church.

E. W. Glenn, superintendent of the Christian Church Sunday school is chairman of the program committee composed of representatives from the different Sunday Schools. Those on the committee are: Orville Sutterlin, Harold Houchens, Homer Ogden, Townsend Godsey and Fred Kurtz. The program is in the hands of this committee and will be announced later.

T. H. Leet, superintendent of the South Methodist Sunday School, is chairman of the decoration committee. This committee is composed of Reed Holt, George Newman, Ellis Meek, Floyd Cook and Norman Murry. Mr. Leet also has charge of the ticket sale and will handle it through the superintendents of the different Sunday schools.

Mrs. Blaine Archer is chairman of the group of three girls from each church that will attend to the table service at the banquet.

The details of the banquet will be announced later.

COMMUNITY CHORUS WILL START TUESDAY OCT. 31

Will be Only for Townspeople This Year—College Students to Have Own Chorus.

The Maryville Community Chorus will start Tuesday evening October 31 at 7:15 o'clock at the Conservatory of Music Recital Hall. Charles R. Gardner, head of the Conservatory, wil again have charge of the chorus.

The first night will be given over to organization and to the testing of voices. Beginning with the second meeting however the chorus will start work on the oratorio, "The Holy City" by Gaul. During the year the chorus will work out this oratorio and will also make a study of one of the Gilbert-Sullivan operas in addition to other miscellaneous selections.

Owing to the size of the chorus last year the college students will not be encouraged to sing in the chorus this year. The size of the recital hall is not large enough to hold so many persons and last year it was too crowded to obtain the best results.

The College students, instead of singing in the municipal chorus, have a chorus of their own which meets with Mr. Gardner at 1:20 o'clock on Mondays and at 11 o'clock on Thursdays. This chorus is studying the same things that the municipal chorus will study and already they are working diligently on "The Holy City."

A CASE OF BOOZE OR BONUS

Either "booze" or bonus seems to be the demand for the American merchant marine that Chairman Lasker of the U. S. Shipping Board would create after selling to private interests all the people's ships for a tenth of their cost and paying $750,000,000 to the purchasers to operate them.

According to the New York Tribune Mr. Lasker says the Attorney General's ruling that "bootlegging" by the Shipping Board is unlawful and must be discontinued is a "terrible blow" to the private merchant marine he would create by practically giving away the public merchant marine.

"Bootlegging" on the vessels of the Shipping Board, Chairman Lasker says, in effect, was "absolutely necessary" to their successful operation. Unless the merchant marine can continue to enjoy alcoholic stimulants, Mr. Lasker believes, it must have a financial stimulus in the form of bonuses to the private interests which buy the people's ships for $2,800,000,000 less than they cost.

This pecuniary stimulant will represent an outlay of at least $75,000,000 a year for ten years, with a further restorative of some millions for reconditioning old and building new ships.

Chairman Lasker's logic is no match for his enthusiasm. Long before the Shipping Board ceased "bootlegging" on the high seas (while others were prosecuted for "boptlegging" on dry land), he was just as insistent as he is now that bonuses must be given to the buyers of the people's ships in order to insure the operation of the latter by their new owners. The Shipping Board was then taking plentiful alcoholic stimulants, but Mr. Lasker did not regard them as sufficient. Only a bonus would do the work.

Mr. Lasker holds that "bootlegging," though unlawful, was necessary to the success of the merchant marine. If he can't have what is unlawful in order that the ships may be operated, he is willing to take what is unwise, unjust and un-American—a subsidy of public money to private interests. Mr. Lasker and the other advocates of a ship subsidy seem to be hoping to use their loss of the illegal sale of liquors on the merchant marine to boost the proposition to tax the people to pay a ship subsidy.

A NEW EXODUS

Exodus is one of the most noted books of the Bible, and it records a migration of people that affected the whole course of civilization. A new exodus is now occurring, and it is estimated that 1,250,000 Christian people are going to flee for refuge from Turkish territory.

Very likely the effort may be made to induce this country to accept a share of these poor waifs as immigrants. If they would go on the land and become food raisers, the objection felt to free imigration would not apply so much in their case. Receiving some portion of them, and giving them a chance to make good under a free government, would be a splendid deed of charity, and worth more than any gift of money could be, though our people will also wish to help liberally in that way.

MEETING OF DRAMATIC CLUB POSTPONED UNTIL TUESDAY

The "Playgoers" A One Act Farce Will Be Given at That Time

The weekly meeting of the State Teachers College dramatic club which was to have been held tonight at the Conservatory of Music recital hall has been postponed until next Tuesday night.

At that time a one act play entitled the "Playgoers" will be presented. This play is a farce and deals with the question of domestics.

The play is being directed by William Mapel and the leading parts are taken by Howard Leech and Miss Elvira Ward.

This play is the longest play that the dramatics club has undertaken this year and it will be presented with all the costumes, properties and make-up which characterize plays on the stage.

The story of the play brings out the well known fact that no matter how kind and thoughtful an employer is to his servants the kindness will be mistaken and the whole situation will get "balled up" and situations of this type are numerous in the "playgoers."

It is the policy of Miss Blanche Dow, who is in charge of the dramatics club, to give a play at every meeting of the club and in the end to present one or two of the leading plays of the time at the State Teachers College.

VOCATIONAL STUDENT WILL ENTER COLLEGE NEXT WEEK

The Farmer

The farmer today must be mechanic, naturalist, laborer and business man. If he is not a mechanic, he can't use tools and machinery to advantage. If he is not a naturalist, he cannot understand his vocation. He must be a laborer, of course, and if he isn't a business man he can't market his product to advantage.

This many-sided man and producer of wealth has found a proper bank connection indispensable. In this bank we know the farmer's problems and are always interested to help him master them.

THE COUNTY UNIT BILL

This is the third article prepared by State Teachers College Faculty.

In Nodaway County there are 133 small districts that would be included in the county unit district. These districts have relatively inferior elementary schools, and moreover afford no first class high school opportunity to 3689 children at a cost of $153,034.20.

The first class high school districts employ 117 teachers of whom 54 are high school teachers: the small districts employ 165 teachers none of whom are teachers in first class high schools. These larger first class high school districts offer to all their children first class high school opportunities. The small districts spend the larger amount of money per child, fewer children, offer no first class high school opportunity to any of their children.

The 117 teachers of the first class high school districts of Nodaway County, according to the County Clerk's report for the school year ending May 1922, had a total attendance of 508,237 days. The 165 teachers of the small districts had a total attendance of only 353,434 days. Each teacher therefore in the first class high school districts performed an average service of 4344 days and each teacher in the small districts performed an average service of 2142 days. From this it may be seen that each teacher in the first class high school districts is twice as efficient on the basis of total teaching service as each teacher in the small districts.

A Traveling Man's Story

The following appeared last Saturday in a St. Joseph paper credited to a traveling man who had reported it:

At Hopkins, three churches are within a block of each other. Their close proximity to each other causes some rather embarrassing confusion at times. On Sunday, "Will There Be Any Stars in My Crown?" was sung in one church, while the other across the way was chanting "No, Not One." The congregation of the third church followed closely with "That Will Be Glory for Me." While one pastor was delivering an ardent discourse upon "Degrees in Hell," the pastor down the street was urging his flock to "Meet Me There."—Hopkins Journal.

A marriage license was issued today to Elza Perkins and Myrtle Wasson of Clarinda, Ia.

Of all the bad habits
To which man is heir
The worst is the habit
Of forming bad habits.

A lot of Maryville people have flivver complaint these days.

There are a lot of girls who blush naturally and a lot more who put it on.

The court house cynic, says of the many kinds of peanuts raised in this country the poorest is the peanut politician.

How many "keep of the Grass" signs do you suppose ever were obeyed?

The average girl asks if he has a car before she asks if he has a job.

Uncle Abner, says if the poor man does not have to dodge taxes he can get his sport dodging taxis.

One of our salesmen friends at a main street clothing store says the muff pockets on the season's overcoats are the big selling points as the average man will look at the pockets and nothing else.

"Laugh and grow fat" says the old saw. But a fat person can't see anything to laugh about in it.

One of our friends who is office manager in a concern employing many women says the regulation of heat in the office is a big proble.. Some of the stenographers can't work when it is too cold and some of them won't work when it is too warm. What is a poor male to do under the circumstances he asks.

Nothing will keep a man explaining like a couple of black eyes.

Louise, the stenographer, says she read the other day that travel broadens a person and wants to know how you account for some of the slim traveling salesmen who visit Maryville.

Vagrant Musings.

"Name your poison" as we used to say at the bar in the old days, has a real meaning now.

Now that the skirts are longer what will the reformers do.

"Fine feathers make fine birds" we often quote. They make sad ones too when father gets the bill.

What would we do if there were no millionaires to have sons who marry chorus girls and make news for page one?

We will always have the boob with us who disregards the traffic rules.

It Often Happens Thus.

When we take a friend to whom we have been boasting of our golf to the green with us and play in such form as to make even a hardened caddy groan.

UNSHAKEN TESTIMONY.

Time is the test of truth. And Doan's Kidney Pills have stood the test in Maryville. No Maryville resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Mrs. J. B. Kissinger, 904 East 4th St., Maryville, says: "I had been suffering with kidney trouble for some time. I had severe pains through my hips and was tried and weak. There were bearing down pains in my back and sides and I felt exhausted at times and could not rest at night. After using a few boxes of Doan's Kidney Pills I was greatly relieved, and my health began to pick up."

(Statement given October 2, 1912.)

On March 31, 1920 Mrs. Kissinger said: "I have not had a return of kidney trouble since using Doan's Kidney Pills. I am glad to say Doan's cured me and I wish to confirm my former statement as to the benefits obtained."

WRITE-UP ABOUT ROCK PORT VISION

Continued from page 1

finished—the largest single paving contract ever let in the state. There were five and a half miles of it, and, not to do things half-way, a $1,200 street sweeper finished the job.

While the paving war was on, the far-seeing had quietly gone about putting in a sanitary sewer system and laying water pipes with taps even into vacant lots so that once the paving was down it need not be disturbed for improvements logically to follow.

By the time the paving was done the world war had been won. Rock Port had had no community meeting place since the burning of its opera house years before. What more fitting than a memorial in the shape of a community house be built in memory of men who didn't return? Twenty-five thousand dollars was the sum decided on.

But about that time the state passed a law giving $1,000 for the first thousand raised by any community for a county memorial. Atchison County, with county seat at Rock Port, was the first county in the state to take advantage of this law, and since the county court felt that $25,000 was rather a paltry sum for a county memorial it promptly became $50,000; of this $34,000 was raised at one mass meeting held in Rock Port. The county court then gave $2,500 and paid the paving bill, making a total of about $5,000—and the memorial was under way.

Then the price of building material soared, making the amount subscribed insufficient. But Rock Port went right on. When it struck a snag in the way of plastering, the ladies' auxiliary of the memorial committee simply hustled around and raised the money. Then the Atchison County Shrine Club put in the hardwood floors of the gym, showers and locker rooms. Not to be outdone the Athletic Association equipped the gym, agreed to heat and light the building and furnish a janitor.

So today the memorial stands a big, buff brick building, with a white stone front, beaming benignly down on Rock Port, a monument not only to the dead soldiers, but to the live people and their enterprise. On its first floor is the gym—usable also for a dance hall—lockers, showers and women's rest room, furnished by the women's athletic club, the farm bureau offices where the commercial club maintains a public reading room equipped with all current farm magazines and daily papers of the state. On the second floor the auditorium, seating 600, to be used for moving pictures thrown from a community owned machine, plays, entertainments and public meetings. There is a reading room, and a place for a circulating library which is a dream the Sorosis Club is to make come true.

The Town Gets a White Way.

All these were the bigger things that came to Rock Port in those momentous six years. Besides, there was five blocks of "White Way" on Main street, with eight 250-candle-power lights to the block; there was the doing away with two of five bridges that were an expense and aggravation to the town; there was the purchase of thirty beautiful acres from the fair association for a public park, where townspeople can have picnics, rest, and have their lecture congress each year.

Then there was the 20-piece band. For a long time Rock Port had had the material for a first class band, but no leader. With so many public improvements and so much reason for tooting its own horn, it needed a band. Without a cent of real money in sight, it blithely advertised for a good band master, who came and saw and conquered. He gave four concerts with local talent performing and after that was hired. After he was hired the money for his salary was casually raised by a trip with a paper up and down Main street one morning. The band members gave their services, bought their own instruments and uniforms, besides buying the tuba and drums.

Two rehearsals and a concert every week in the summer and three rehearsals a week in the winter have been the program ever since. Now they have a band good enough to go neighboring—for a consideration. There is also a junior band, comprised of those less proficient, acting as a feeder for the band proper, besides encouraging new talent.

Best of all, when the administration that had put over all these improvements in such an incredibly short length of time went out, the floating indebtedness was only about $13,000, which the incoming administration promptly voted bonds to cover. The town's bonded indebtedness is now only about $20,000, and a $75,000 schoolhouse is being planned to replace the one in use through four generations.

They Caught the Vision.

Of course, the people of Rock Port, too, deserve a large share of the credit. If they had been narrow and stubborn and had refused to see the light, Rock Port would have stayed where it was six years ago. Instead, they caught the vision, and today there are no prouder people of the improvements than the very ones who were bitterly opposed at first.

Atchison County is one of the richest in the state. It has no unpaid warrants, a balance in all its funds, and hasn't had a warrant protested in five years.

Doesn't Desire Increased Population.

So Rock Port, sitting among her hills, with everything around her today that makes life comfortable, beams at the world and boasts that she is seven miles from a railroad. Railroads bring crimes and vices and troubles that the town is absolutely free from now and she doesn't care if she never has a railroad. She doesn't care, either, if she never has a factory. She doesn't need them. And she boasts, also, that she has only 1,136 people, being quite willing to take Uncle Sam's word for it. Rock Port figures that 1,136 population only makes her larger achievements all the more wonderful and she is not particularly eager to have any more. Life is very comfortable, profitable and pleasant, just as it is.

A PLEASANT PLACE FOR GENTLE FOLKS.

HIGH SCHOOL TO PLAY TARKIO TEAM TOMORROW

Maryville Eleven Beat Them 25 to 6 in First Game of Season at Tarkio.

The Maryville High School football team will meet the Tarkio eleven at the College field tomorrow. The Maryville team beat the Tarkio eleven the first game of the season 25 to 6. Since that time both teams have been greatly strengthened and a close game is to be expected. The Tarkio team is the only football squad which has scored on the local team so far this season.

Coach Lawrence has not decided on any of the men who will fill the different positions and all the men of the squad have a chance to play in the game.

The Tarkio team will arrive in cars tomorrow morning and will be accompanied with a large crowd of rooters.

In the game played yesterday the Maryville regulars defeated the High School Aggies in an exhibition game at the College field by a score of 13 to 0. The game was played for the purpose of raising money for the athletic association of the school, which was about $50 in the hole from the previous games.

The Aggies had almost all of the regular line from the high school's first team and so were more aggressive through the line. The regulars had the entire back field of the first team of the school. O'Banion made the largest gains during the game and scored the two touch downs for the Regulars.

The line ups were: Regulars—Bush, Mountjoy, Phipps, Cook, O'Banion, Willoughby, Fannon, Carstens, Curfman, Chick and Miller.

The line up for the Aggies was: Rocfofson, Hartman, Jones, Holloway, Hunt, Holt, Smith, Cockayne, Murray and Ogden and Dow. Westfall was used for substitute.

The game was played without any kickoffs, the ball being placed on the 50-yard line and scrimmage starting from there.

HARVEY AND HARVEY SALE GOING GOOD AT PRES TIME

Fifty Boars Sold at Average of $45—Over Seventy-Five Animals Sold.

The Harvey and Harvey sale of big type Chester White boars, gilts and sows which is going on today at the Gray Brothers pavilion, was progressing nicely at 4 o'clock. Up to that time seventy-five animals had been sold, fifty of these being boars.

The boars sold at an average of $45.

Quite a crowd gathered at the pavilion when the sale started and the bidding was fast and furious.

New McCall Pattern 2017

New McCall Pattern 2004

Only Two More Days of Home Sewing Week

We have devoted a week now to the featuring of fashions in fabrics, making special effort in the display of newest silks, woolens, cottons, trimmings, art needle work, sewing supplies and McCall Fashion Service.

"Styles may come and styles may go, but women sew on forever." Since the McCall printed patterns came into use the above is more true than ever. How much quicker and more accurate it is to read the printed pattern pieces and know how to lay them on the material instead of puzzling over perforations. How much easier it is to sew when you can cut on printed linens.

Why Sew Now?

You may say, "there's no hurry about the fall and winter sewing," but there are advantages in making selection now.

You have a complete stock of the very newest silks, woolens and cottons in a variety that it will be impossible to get later. Trimmings are here in wider variety now than you will find later. McCall fashions and printed patterns for November styles are now available. Then, it will be a real joy to have the garments completed and ready for wearing at the first opportunity of the season without being rushed.

If you anticipate making your garments at home or having them made by a dressmaker, don't fail to visit the store during this Home Sewing Week.

The Football Situation In The Missouri College Confeaence

M. I. A. A. Standing

	W.	L.	T.	Pct.	If They Win	If They Lose
Mo. Valley	2	0	0	1,000	1,000	666
Springfield	2	0	0	1,000	1,000	666
Kirksville	2	0	1	1,000	Open Date	
Wm. Jewell	1	0	1	1,000	1,000	500
Rolla	1	1	0	500	Non-Conference	Game
Warrensburg	1	1	0	500	666	333
Mo. Wesleyan	1	1	0	500	666	333
Tarkio	1	1	0	500	666	333
Maryville	1	2	0	333	500	250
Drury	0	1	1	000	500	000
C. Stockton	0	0	1	000	1,000	000
Central	0	1	0	000	500	000
C. Wesleyan	0	1	0	000	500	000
Cape Girardeau	0	1	0	000	500	000
Westminster	0	2	0	000	333	000

Can the Bearcats win the remaining four conference games? That is the question that the dopesters are all asking. If they can then the State Teachers College standing in the Missouri Intercollegiate Athletic association will be not so bad. A mark of .750 out a possible 1000 is quite a credit.

This question will be partly answered tomorrow when Coach Maynor's men will meet the Missouri Wesleyan eleven at Cameron. The game should be a battle. Wesleyan won from Rolla last week and the Bearcats trounced Central Wesleyan. Tomorrow's game will tell which team is the better. The odds are close but if any are with Wesleyan, who has a record of many championships years behind them.

However Coach Maynor has developed a football machine that is making a reputation for Maryville. Of course this can't come in one year but it will come so long as the Bearcats fight and show the class of football which they have shown in the last two weeks.

But, oh for a kicker. This is the only real weak point in the Bearcat game. Miller, the best bet for a booter is out, and probably won't be back this year and there just don't seem to be any men who can connect in the right way with the pigskin.

In the Association several teams will bear watching. Missouri Valley has a whale of a team this year. Coach Godfriaux has a championship contender as was proved by the 46 to 6 victory which the Valleyites won over Westminster last week.

Rolla and Kirksville were in a slump last week. They both seemed to lack the old punch and consequently Rolla lost to Missouri Wesleyan and Kirksville only managed to take a scoreless tie with Culver Stockton.

Tarkio College has also snapped out of it. Last week they went to Warrensburg without Coach Giblette, who was ill, and took Coach Greim's teachers to a 26 to 6 cleaning. This is quite a pick up from the week before when Tarkio lost to Jewell by a onesided score.

The State Teachers College team plays Warrensburg on November 11 at Maryville and the following week Tarkio here. Then on November 25, the Bearcats go to Westminster. Warrensburg and Tarkio have each one game and lost one and Westminster has lost two. So according to dope Maryville is lower in percentage than Tarkio and Warrensburg and higher than Westminster.

The conference games for this week follow:

Warrensburg vs. Westminster at Fulton.

Tarkio vs. Springfield at Springfield.

Culver-Stockton of Canton vs. Central Wesleyan at Warrenton.

Missouri Valley of Marshall vs. Drury at Springfield.

Central of Fayette vs. William Jewell at Liberty.

Missouri Wesleyan of Cameron vs. Maryville at Cameron.

Arkansas Aggies vs. Rolla Miners at Rolla.

Southern Illinois Normals of Carbondale, Ill., vs. Cape Girardeau at Cape Girardeau.

Kirksville open date.

From all indications the following teams are doped to win-Warrensburg, Springfield, Culver-Stockton, Missouri Valley and William Jewell. The Maryville-Wesleyan game should be one of the closest played this week.

The Democrat-Forum will get the results.

RED CROWN GASOLINE

Your Guarantee of Service

Forget the "High-test" Argument

HIGH or low makes no difference. It's only a sales argument and a weak one at best. Useful only as an excuse for high prices. It's a twin brother to old man "high-gravity", and science has relegated them to the discard long ago. Neither has anything to do with the quality or efficiency of gasoline.

There is only one way to measure the efficiency of gasoline and that is by the chain of boiling point fractions.

Buy Red Crown

The High-Grade Gasoline

It contains an unbroken chain of boiling point fractions, carefully and scientifically adjusted so that you may get the maximum of efficient performance from your car.

Instant starting, quick get-away, smooth acceleration, an abundance of speed, and tremendous power — all of these essential elements without waste.

Red Crown vaporizes as a good gasoline should—evenly and to the last drop. That's why Red Crown gives such wonderful mileage per gallon and accounts in a measure for its increasing popularity.

HAD THEIR PAROLES REVOKED BY GOVERNOR

W. H. Walnick and Arthur Hetherington Both Sentenced from Nodaway Must Serve Longer

Jefferson City, Oct. 26—Two paroles were revoked yesterday by Governor Hyde. One was that of W. H. Walnick, sent to the penitentiary from Buchanan County Oct. 2, 1920, for four years for burglary. He was paroled April 19, 1922, by Governor Hyde on recommendation of the penal board, September 22 he entered a plea of guilty of burglary in the circuit court of Nodaway County and was sentenced to six years from Oct. 18, 1922. Revocation of his parole means that he will serve out his old sentence after completing the one that has just been imposed on him. The other was that of Arthur Hetherington, also sent from Buchanan County in October, 1920, for four years for burglary. He was paroled to John T. Bryan. Like Walnick, Hetherington will have to serve out his old after finishing his new sentence.

Walnick and Hetherington were taken to the penitentiary by Sheriff Roach last Sunday.

WILL FINISH WHITE CLOUD CATTLE TESTING MONDAY

Over 800 Head Have Been Tested in This Township. Inspector to Grant Township

The final test for cattle of White Cloud Township will be made on next Monday at the farm of J. M. Banner. During the last week 800 cattle have been tested in this township according to Dr. T. J. Eagle, U. S. Veterinary Inspector. This is in addition to the cattle previously tested as none of the 800 have ever been tested. The inspector states that everyone has had an opportunity there for a free test of their cattle and the state law has been fulfilled as far as the authorities are concerned.

Next Tuesday evening there will be a meeting held at Barnard at 4:45 for the purpose of organizing Grant Township for these tests. Dr. Claude P. Pryer will speak on human tuberculosis compared to animal tuberculosis, sanitation and municipal regulations. Dr. Eagle will then speak on the laws pertaining to tuberculosis and the organization of the work and will answer questions pertaining to the testing work.

School teachers and school boards have been notified of this meeting with instructions to notify all in their district. Dr. Eagle says that for those districts not represented Tuesday night it will be presumed that their cattle has been previously tested and no provision will be made for testing now. Farmers in each district are expected to organize and gather their cattle in one place for the test and a suitable shute be provided.

What Standard Oil Company (Indiana) Distribution Means to the Home

JAMES J. STORROW, fuel administrator of Massachusetts, says, "Don't burn a pound of coal in October. Cook and heat water for your household with a kerosene stove. It will save you money. It will perhaps keep you out of the coal line next winter. Cooking by kerosene is cheaper than coal. Kerosene can be bought anywhere."

"Kerosene can be bought anywhere"

This statement is particularly true throughout the Middle Western states served by the Standard Oil Company (Indiana), whose distribution service is 100% complete. Kerosene is delivered to the home, whether on a distant farm, in a small town, or in a big city.

Imagination and foresight were required to anticipate the demand for petroleum products which exists today. Permanency in organization, efficient management and close attention to the minutest detail has resulted in establishing within this Company a spirit of service which is expressed in the far-flung system of distribution and delivery which makes every user of petroleum products in the 10 Middle Western States feel certain that his needs will be instantly supplied.

The Standard Oil Company (Indiana) distributing system represents an investment of over $45,000,000. It includes 25 main stations where complete stocks of products are kept on hand, 3973 bulk stations, 1605 service stations and 7167 tank wagons. It has grown to meet the needs of the present and to anticipate the needs of the future. It is highly flexible and capable at all times of meeting emergencies, such as a coal shortage, in any section of the territory served. This service is available at every home.

To meet the needs of the public it serves is the ideal which the Standard Oil Company (Indiana) has before it at all times. It is alert to foresee a possible need for its products, and when the demand comes it is prepared to supply it; for example, the possible coal shortage has resulted in an unusual demand for a burning oil for use in home-heating plants, and the Company was ready with Stanolind Furnace Oil, which it had developed for this particular service.

Stanolind Furnace Oil is equal to kerosene in heating value and sells at a lower price. This is another benefit accruing to the public at large, through an efficiently managed big business.

500 CLUB WOMEN AT OPENING SESSION

Continued from page 1

"Legend," by Oldberg.

The concluding feature of the afternoon's program was the one-act play, "Glory of the Morning," by William Ellery. The play was introduced by Mrs. Blaine Archer, who also directed it. The stage presented an Indian scene with a wigwam, corn shocks and other Indian features. The list of characters included: Glory of the Morning, Mrs. Blaine Archer; the Chevalier, Mrs. Sam Bithos; their children, Red Wing, a boy, Mrs. Marve Curnutt, and Oak Leaf, a girl, Mrs. Bert Cooper; and Black Wolf, a medicine man, Mrs. W. W. Stanfield. The character roles were well played, sympathetic and impressive.

The department extended a vote of thanks to Uel W. Lamkin, president of the College, for the use of the College auditorium where the September and October meetings have been held. The remainder of the sessions will be held in the Conservatory of Music recital hall.

The clubs represented at the open session included in addition to the literary clubs in Maryville, the Neighborly, Successful, Burr Oak Homemakers and Frolickers Clubs of Skidmore; the Literary Progressive Club of Ravenwood; the Fortnightly Club of Elmo and the Rockford Community Club. Among other out-of-town club women present were Mrs. F. I. Dunn of Bolckow, Mrs. William Minford and Mrs. Otto Mutz of Lincoln, Neb., and Mrs. Lamont Gann of Pueblo, Colo.

ELEEMOSNYARY HEAD DEAD

Horace D. Evans, Prominent in Republican Circles of State, Succumbs in Jefferson City

Jefferson City, Oct. 26—Horace D. Evans, chairman of the state eleemosyary board died at St. Mary's Hospital in this city at 4:20 o'clock yesterday morning. He had been in failing health for the last six months, but until last Saturday his condition was not regarded as critical. While funeral arrangements have not been announced, it is expected that he will be buried at his home at Boone Terre.

Mr. Evans has for many years been prominent in business and political circles in southeast Missouri and several times as member of the Republican state committee. When the act was passed by the general assembly in 1921 placing all of the eleemosynary institutions in the state under management of one board, Governor Hyde selected him to head it and his work has been of the highest order. His death was due to heart disease. He was about sixty years of age.

W. C. Pierce of this city was a member of the state eleemosynary board of which Mr. Evans was chairman. Mr. Evans had visited Mr. Pierce here and had become acquainted with a number of people here.

ROOSEVELT STAMP TO WINDOW

First Sheet of New 5-Cent Issue Will Go to Members of Family

Washington, Oct. 26—The first stamp of the new 5-cent denomination bearing the likeness of President Roosevelt will be presented to Mrs. Theodore Roosevelt next Friday, when the issue will be placed on sale at Oyster Bay, N. Y., Roosevelt's home; in New York City, his birthplace, and at the Washington Philatelic agency. Five stamps, each from the first sheet, will be given to Theodore Roosevelt, Jr., assistant secretary of the navy, and Mrs. Alice Longworth, son and daughter of the late President. Except at the three offices named, the stamps will not be sold until the present supply of 5-cent stamps is exhausted.
